

AUXILIARY LIGHT BRACKET UNIVERSAL 530MM

Art.no: 12-53000

Universal bracket in 3 mm black-painted corrosion-resistant treated steel plate for light bars or two auxiliary lights. The elongated holes allow the bracket to fit most light bars available on the market. Dimensions are 530 x 85 x 3 mm. Maximum center-to-center distance for mounting the light bar is 510 mm. The corrosion protection treatment is done with Magnelis®, approved for corrosion resistance class C5 to withstand very tough conditions.
