

## INVERTER PURE SINE 24V/2000W

Art.no: 22-242000

Inverters are often used in cars, vans, and mobile offices to power 230V equipment such as power tools, chargers, and work lighting. Provides 230VAC / 2000W pure sine wave. It also has two front USB ports 5V / 2.1A. Pure sine wave means it provides the same type of voltage as a regular wall outlet. The inverter includes features such as low and over-voltage protection, overload protection, and overheat protection. For control panel, see article 22-12000.

### Technical information

Voltage	24V
Effect	2000W
Dimensions (LxHxW)	343 x 240 x 100 mm
Warranty	1 Year
Load output	2000 W
Approval	CE
Weight (kg)	5.900000
