

LAZER WORK LIGHT UTILITY 50W

Art.no: 18-00050

Lazer Utility-50 is a 50W work light that combines high performance, style, durability, and functionality. It is versatile and suitable for a range of applications, including vehicles and machinery. With a carefully selected color temperature of 5000K, the Utility-50 delivers powerful lighting that is comfortable to use over long periods, thanks to its high color rendering index. The light comes with a black-painted stainless steel bracket for extra durability. The Lazer Utility-50 is also available in a version with an ECE R65-approved warning light for increased safety.
