

## WARNING LIGHT LUMINA CLIPS AMBER

Art.no: 14-99002

Maximum visibility and safety with LUMINA, the portable warning light. With its compact design and robust construction, this small lamp withstands rain, snow, and harsh conditions. The 12 powerful LEDs provide 360-degree illumination. Four practical buttons allow you to turn off each side separately. The buttons let you choose the desired lighting effect or use the flashlight function. The special polycarbonate lens is also designed to minimize glare. The powerful magnet on the underside makes it easy to attach the lamp to any magnetic surface. The included clip allows for easy attachment to clothing and uniforms. The lithium-ion battery lasts for approximately 8 hours of continuous use and can be recharged via the included USB-C cable.

### Technical information

Brand	Sirena
Effect	3W
IP rating	IP67
Dimensions (LxHxW)	66 x 66 x 27 mm
Montering	Plane mounting
Warranty	3 Year
LED quantity	12
Drifttemperatur	+50 till -20 grader
Weight (kg)	0.250000
