## **Adjustable Arm Mount**

Installation:

Attach and secure the controller onto the panel stand. Place the device onto a clean desired surface, where it can be easily accessible to the user. Use the attached adhesive pad\* to secure the device onto the surface. Should you wish to remove / re-locate the controller, you may use alcohol or similar cleaning formula to remove the left-over adhesive residue.

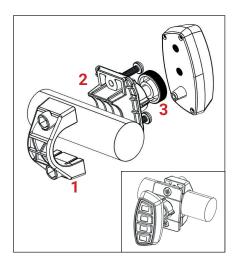

\* The supplied adhesive pad is designed for one time use. You may replace it with other double side adhesive tapes.

### **Adjustable Arm Mount**

Installation:

- Secure clamp mount part 3 onto the controller.
- Use the supplied screws to secure clamp mount part 1 and 2 onto your desire mounting location. Use the supplied rubber pad to help adjusting the grip and size of the mount.
- Insert clamp mount part 3 into part 2. Adjust the angle and tighten the part.
